Bruno Paillard established his own independent Maison de Champagne in 1981. Bruno's desire was to create a different champagne from any other, extremely **pure** and **rare**. Bruno has inherited a deep knowledge from a long family line of vine growers and grape broker dating back to 1704.

The Maison owns 32 hectares from 15 crus (villages), of which 12 hectares are designated Grand Cru. These are amongst the very best sites in Champagne, especially when one realizes that a mere 17 of the 320 Champagne villages are Grand Cru.

*Bruno Paillard's vision: Extract the essence from each of the best vineyards from the heart of Champagne and compose a complex blend that will express Purity, Complexity and Elegance.*
